<u>Suggestions/Requests from the children</u>	<u>Response/Action/Evidence by Fusion</u>
More competitions/prizes	We already do a lot of competitions at Fusion but will organise more House Competitions. We do not always need a winner as taking part and helping/encouraging is just as important.
No After Dinner Activity (ADA)	This is a tricky one as we plan activities to ensure there is structure. ADA allows dinner to digest and the opportunity to have some quiet time before free choice commences. We will trial the Juniors organising/planning their own ADA and see how this works.
More Trips	We have so many things to play with at Fusion; we do not need to go to the park as we have equipment onsite etc here. We will go on special trips if needed, but due to the amount of children, timings of dinner etc.... It makes off site activities a little tricky.
Don't sign yourself in at breakfast club	Signing yourself in at Breakfast Club was a suggestion from a parent, so we trialled this and it works well. Signing yourself in gives you responsibility and speeds the morning routine up for your parents/carers- we will continue with this system.
Outside More	Sometimes when the weather is bad we have to stay inside for Health and Safety purposes. We have got torches so we can go outside when it is dark and even if we don't go out on the main playground, the courtyard is always accessible.
