

# EYFS SETTLING IN SURVEY FEEDBACK SEPT 2019

We are happy with the feedback that parents provided and feel that we do not need to act on anything and do not need to change anything as everyone is happy with the environment, staff, settling in process, activities and resources, food, communication and rapport with staff.

## How can we improve our setting?

- "I can't think of anything, it's all great"
- "nothing is excellent"
- "No, really impressed with the whole process"
- "I don't think you can"

Thank you for joining us in a meeting to go through your child's unique summary. We have enjoyed sharing your child's progress with you.

## What have you been most impressed about Fusion since settling in?

- "The range of activities, keeping the kids active but also the relationship they have with those running Fusion, Really impressive"
- "Just how much you guys know my child and his likes/dislikes"
- "Awareness of each child's needs and the wide range of activities put on for the children. We feel his school life is enhanced by his time at Fusion"
- "How well my child interacts with other children and is confident being around them"
- "The Learning Journal is really impressive and shows a wide range of activities he is doing which I didn't realise you guys did"

One parent said "The learning journal is fantastic, great level of detail but it would be nice to see some indication of the level that our child is working at both socially and academically in line with what is expected at that age group."

This is a fantastic suggestion, however each child is individual and will develop at different stages. We do not like to compare individual children to others. Your class teacher can give you a clearer understanding of where your child is and what they need to work towards. At Fusion we support the children and will continue to do so but unfortunately can not give you an indication on their academic levels.

**100% of parents strongly agree they have a good rapport with Fusion staff.**

**100% of parents agree that their child is happy to attend Fusion**

## Any other comments?

- "We are really pleased- thank you"
- "We're really happy with the care by Fusion – Thank you"
- "The support from Fusion has been invaluable to allow both parents to work"

As always, thank you for your continued support and for completing the survey. Please remember your child's learning journal is always available for you to see. Any questions feel free to speak to Abby or Becca.
