

Sometimes we just want to, quietly, play with familiar toys.

On Thursday we decided to go and post some letters! On Friday the weather was so lovely we went on another adventure to the meadow at the top of Eastmoor Park ...having found a winding path through the trees we loved running in the open space!

Following the children's interests

Using play dough with natural materials and making spiders' webs .

It POURED with rain just before we set out for Forest School! And OH! We had fun! So many muddy puddles for us to jump in!
