

Story boxes and other resources help develop listening and attention

In the first half of the session we strike a balance between offering the children activities that reflect their interests and introducing some new possibilities: A tea party is familiar but the addition of bubbly water ( and sometimes petals or herbs etc, adds a fresh twist.

Threading leaves was a fantastic opportunity to strengthen the muscles in hands and fingers but also provided fantastic opportunities for conversation and with descriptive vocabulary.

After "Singing Time," in the second half of the session, we have been enjoying the garden—but we decided to bring the cars and bikes inside! The certainly went faster on the smooth floor surface.

Mrs Smith helped the children make a fantastic display for St John's Harvest Festival!

Thank you for joining us for our coffee morning!
