

First half Autumn Term: Week Six (W/C 10th October 2022)

Topic: In The Garden Orange Colour: Orange

In our garden we found fallen leaves and herbs growing in pots. We enjoyed investigating them: crunchy leaves and fragrant herbs. Using scissors we were able to snip herbs and release even more of their marvellous scents—some we liked a lot...others we were less keen on!

We added prickles to hedgehogs using LOTS of runny glue. In fact, some of us were so fascinated by the properties of the glue that we didn't trouble with prickles. Others just enjoyed playing with the matchstick prickles!

Threading straws and spaghetti through a colander! Perhaps one to try at home?
We worked as a team rolling a car around the rim of a round tray!!
