

First half Spring Term: Week Five (W/C 6th February 2023)

Topic: Colour Colour: Multicolour

The Preschool Shop was very busy this week: lots of staff using the tills and plenty of customers to buy produce!

Role play, such as the shop, supports development of communication and language skills; allows children to act out and make sense of real-life situations; explore, investigate and experiment to develop their social skills, as they collaborate with others; learn to empathise with others, when they take on the role of a character. A visit to the recycling centre provides a real life experience to explore through role play.
