

# Fire

## Evacuation Plan

### What should I do if there is a fire?

- When you hear the fire alarm, immediately stop what you are doing and go to the nearest adult.

- Stay calm and be sensible, do not scream or shout

- Walk quietly and quickly to the nearest and safest fire exit with the adult

- Then walk to the fire assemble point, on the bank in the car park opposite Fusion's entrance or the bike shelter on the Junior Playground.

- Listen for the register and say 'YES' when your name is called.

- Listen for further instructions.
